WELCOME

The Excel Center Charter District is a different kind of school from the other schools you've attended. As a student at The Excel Center, you can expect to take responsibility for your learning, receive individual attention from our teachers, and gain guidance from our Life Coaches and staff. Our teachers and staff are here to aid in the progress of your education by setting up a culture where you can rise to the challenge of overseeing your learning....and subsequently, in charge of your own life.

We'd like to share some things students say about our school:

"I am so grateful for the staff at Excel for lifting me up and believing in me." – Amanda, Graduate

"I want to go to college. I want a career. Goodwill has given me hope – now I see what I want to do, where I want to go." – Alberto, Graduate

"...It was my goal in my life to someday get my high school diploma. I'm happy!" – Brenda, Graduate

This handbook contains the basic information you will need throughout the year. If you have questions, please feel free to ask your Life Coach or call the main office at **(512) 531-5500**. Your question will be routed to the correct staff member. We wish all of you a successful year at The Excel Center!

WHAT IS A CHARTER SCHOOL?

In 1995, the Texas legislature passed a law allowing Charter Schools to exist as educational options to mainstream schools. While still maintaining public school status, Charters differ in that they can develop and use innovative curricula to serve the needs of their students. Like all traditional public schools, Charter Schools are open to the public, accountable to the public, and funded by the public through student average daily attendance.

The Excel Center Charter School District

The mission of Goodwill Industries of Central Texas is to Generate Lifelong Connections to Work. The Excel Center Charter School District works toward this mission by meeting students where they are and providing individuals with the opportunity and support to earn a high school diploma and become college and career-ready. At the same time, students, ages 18 - 50, will develop career paths in sectors of the local economy that offer high employment and growth opportunity. The school provides a flexible structure and curriculum delivery all day and helps students to develop supportive relationships that allow them to manage work, life, and family responsibilities as they achieve their academic and career goals.

Building on a long history of successful education and work programs, Goodwill was chartered in 2014 -- the FIRST charter school for adults in the state of Texas. As a fully accredited public high school, The Excel Center has maintained a constant focus: to provide students who have dropped out of school, are at risk of dropping out, or are seeking a different way of learning the opportunity to earn a high school diploma. The Excel Center's goal is to motivate students to complete high school and become productive citizens.

As well as offering educational services, The Excel Center also offers its students job placement assistance, college enrollment assistance, and life and academic counseling. In addition, charter high school students can participate in other Goodwill programs, including co-enrollment in Goodwill's Career and Technology Academy (GCTA). Students ages 18 through 50 living in the Central Texas area are eligible for enrollment.

THE EXCEL CENTER EDUCATIONAL PHILOSOPHY

Direct Instruction Classes

The Excel Center believes that our students will be most successful through just-in-time direct instruction. Our instructors work hard to ensure students not only achieve academically but also gain the traits necessary for

success in life after The Excel Center. This philosophy results in real-world connections to long-lasting career pathways.

Excel Center Required Courses and Career Plan

A key component of our charter is full student participation in critical incoming and outgoing courses and Career & Technical Education (CTE) courses. Every student enrolled in The Excel Center is **REQUIRED** to take and pass MAPS (Methodology of Academic & Personal Success) and Senior Seminar. These courses are structured in a manner that allows for targeted instruction that focuses on career pathways and success beyond high school. These courses provide instruction in the soft skills necessary for success in future careers.

Every incoming student will be enrolled in a MAPS class for their first term. Incoming students will participate in academic diagnostic testing that will help determine if foundation courses will be needed for English and/or Math. Additionally, all Excel Center students must take and pass at least one CTE course while enrolled at The Excel Center and develop a career plan that includes an industry certification or approved alternative.

CAREER PATHWAYS & ENDORSEMENTS

Upon enrollment, students will be asked to choose a career pathway. This pathway will be a key focal point during the students' enrollment at The Excel Center. For students seeking a Foundation plus Endorsement graduation program, they must select an endorsement area and complete the required coursework. These students may also add an enhancement if applicable. See the *School Guide* for additional information regarding the various Graduation Programs. Students will have the opportunity to enroll in Career and Technical Education (CTE) courses and may co-enroll in the Goodwill Career and Technology Academy (GCTA) and earn valuable certifications in highly marketable careers.

ACADEMIC MODEL & PROGRAMMING

Curriculum Overview

The Excel Center offers an Individualized Diploma Program (IDP). Students earn credits as rapidly as they complete course requirements. Students primarily earn credits through classes taught via live instruction and some credits may be earned via computer-based instruction. Students complete the graduation plan that was in effect in the year they were or should have been in 9th grade. Students are informed of the benefits of the recommended high school plan and additional endorsement options.

Standards are based on national and state curriculum frameworks with an emphasis on mastering the Texas Essential Knowledge and Skills (TEKS) alongside career pathway goals and objectives. Teachers regularly assess to measure how well students are mastering the standards. Students also participate in the State of Texas assessment program and other standardized assessments as required by the student's graduation plan. Courses that are linked to a required state assessment will conduct benchmark testing as part of the required coursework. Additional information can be found in the School Guide and students may speak with their Life Coach for additional information regarding the state testing requirements for graduation.

Family and Community Participation

Parents or guardians, businesses, and community volunteers are important components of The Excel Center's support team. The Excel Center welcomes and appreciates various support services such as (but not limited to) tutoring of students, donating of goods, participating on The Excel Center's Charter School Board or advisory committees; assisting teachers by making copies, helping with projects, chaperoning field trips, or fulfilling other needs; and performing facility maintenance and cleaning. To begin the volunteer registration process, please visit <https://www.goodwillcentraltexas.org/donate/volunteer>.

Students with Special Needs

The Excel Center staff works as a team to serve the needs of all students. Highly qualified, certified special education teachers, and general education teachers work together to provide maximum educational opportunities for students with disabilities.

Aiding Students who have Learning Difficulties or who need Special Education or Section 504 Services.

For those students who are having difficulty in the regular classroom, all school districts and open-enrollment charter schools must consider tutorial, compensatory, and other academic or behavior support services that are available to all students, including a process based on Response to Intervention (RtI). The implementation of RtI has the potential to have a positive impact on the ability of districts and charter schools to meet the needs of struggling students.

If a student is experiencing learning difficulties, the student may contact the individual(s) listed below to learn about the school's overall general education referral or screening system for support services. This system links students to a variety of support options, including making a referral for a special education evaluation or for a Section 504 evaluation to determine if the student needs specific aids, accommodations, or services. A student may request an evaluation for special education or Section 504 services at any time.

Special Education Referrals:

If a student makes a written request for an initial evaluation for special education services to the director of special education services or an administrative employee of the school district or open-enrollment charter school, the district or charter school must respond no later than 15 school days after receiving the request. At that time, the district or charter school must give the student a prior written notice of whether it agrees to or refuses to evaluate the student, along with a copy of the *Notice of Procedural Safeguards*. If the school district or charter school agrees to evaluate the student, it must also allow the parent to give written consent for the evaluation.

Please note that a request for a special education evaluation may be made verbally and does not need to be in writing. Districts and charter schools must still comply with all federal prior written notice and procedural safeguard requirements and the requirements for identifying, locating, and evaluating students who are suspected of being a student with a disability and in need of special education. However, a verbal request does not require the district or charter school to respond within the 15-school-day timeline.

If the district or charter school decides to evaluate the student, it must complete the student's initial evaluation and evaluation report no later than 45 school days from the day it receives the student's written consent to evaluate the student. However, if the student is absent from school during the evaluation period for three or more school days, the evaluation period will be extended by the number of school days equal to the number of school days that the student is absent.

There is an exception to the 45-school-day timeline. If the district or charter school receives a student's consent for the initial evaluation at least 35 but less than 45 school days before the last instructional day of the school year, it must complete the written report and provide a copy of the report to the student by June 30 of that year. However, if the student is absent from school for three or more days during the evaluation period, the June 30th due date no longer applies. Instead, the general timeline of 45 school days plus extensions for absences of three or more days will apply.

Upon completing the evaluation, the district or charter school must give the parent a copy of the evaluation report at no cost.

Additional information regarding special education is available from the district or charter school in a companion document titled *Parent's Guide to the Admission, Review, and Dismissal Process*.

Section 504 Referrals:

Each school district or charter school must have standards and procedures in place for the evaluation and placement of students in the district's or charter school's Section 504 program. Districts and charter schools must also implement a system of procedural safeguards that includes a notice, an opportunity for a student to examine relevant records, an impartial hearing with an opportunity for participation by the student and representation by counsel, and a review procedure.

The Excel Center generally follows the closing or late start determination of the local city school district or campus facility host. If the local city school district or campus facility host is closed or delayed due to bad weather, The Excel Center will be closed or delayed. Listen to the radio or television for the announcement of the closing of the local city school district.

POLICIES AND PROCEDURES

Admissions Policy

The Excel Center Charter School District admits students of any race, color, national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. Admission will not be based on gender, national origin, ethnicity, religion, disability, academic, artistic, or athletic ability, or the district the child would otherwise attend. Students may be denied admission or readmission based upon documented behavior problems. Under TEC 12.111(a) (6), the school may deny admission to students with documented histories of a criminal offense, juvenile court adjudication, or discipline problems under TEC Chapter 37, Subchapter A.

The Excel Center Charter School District does not have a District Alternative Education Program (DAEP) campus and therefore, is unable to allow students the option to continue their DAEP order. All students with an order to attend DAEP by a transferring district must complete the DAEP placement before enrolling in The Excel Center Charter School District. A student may be expelled if the student does not notify school personnel of a DAEP order upon enrollment.

Attendance Policy

Regular school attendance is ESSENTIAL for a student to make the most of their education. It is the policy of The Excel Center Charter School District that students are expected to attend school EVERY DAY that school is in session and are strongly encouraged to schedule all appointments before or after scheduled classes. Absences from class may result in serious disruption of mastery of the instructional materials; therefore, students should make every effort to avoid unnecessary absences and attend class daily. Students should notify their Life Coach as early as possible when an absence is expected or occurs. We greatly appreciate prior written or verbal notice of absences. However, please note that some campuses participate in the Optional Flexible School Day Program (OFSDP), which allows flexible class scheduling, but does not allow for an “excused” absence for state-funded attendance.

To be eligible to receive credit for a class, the student must have a class attendance of 80% or higher. Students who miss class are strongly encouraged to participate in Additional Instructional Minute (AIM) time to make up missed class time.

For students not participating in the OFSDP, absences may be excused for the following reasons only if the student provides official documentation that indicates the date and reason of absence (note: handwritten notes from parents will not be accepted to excuse absences):

- Appointment with a physician/dentist for self or child;
- Appointment with a probation officer;
- Court hearing at which the student is specifically required to appear;
- Appointment with a government agency at which the student is specifically required to attend; (i.e., WIC, Food Stamps, TANF, Social Security)
- Death in the immediate family; (parent, sibling, grandparent, aunt, uncle, cousin - student may take up to 3 days bereavement)
- Religious observances;
- Appearing at a governmental office to complete the paperwork required in connection with the student's application for United States citizenship;
- Taking part in a United States naturalization ceremony;
- Serving as an election clerk; (18 years or older)
- Visiting a parent/guardian who is an active duty member of the uniformed services and has been called for duty for is on leave from, or immediately returned from the continuous deployment of at least four months outside the service member's residence;
- If the student is in the conservatorship of the Department of Family and Protective Services, participating in an activity ordered by the court or required under a service plan;
- Certain emergencies may be excused at the discretion of a Campus or District Administrator.

Texas Education Code, Chapter 25, Section 25.085(d)

Texas Education Code, Chapter 25, Section 25.085(d) states that a child who is at least six years of age, or who is younger than six years of age and has previously been enrolled in first grade, and who has not yet reached the child's 18th birthday shall attend school. In addition, any person who voluntarily enrolls in or attends school after the person's 18th birthday is required to attend each school day for the entire period the program of instruction for which the student is enrolled is offered. **A student violates this law if he/she has three or more absences in four weeks or ten or more absences in six weeks.** Goodwill Charter School reserves the right to file truancy on students who are 18 years of age or older. Violation of the Compulsory School Attendance Law is a Class C Misdemeanor. **Students violating the Compulsory School Attendance Law may be expelled.**

The Excel Center follows a local attendance policy that Life Coaches facilitate. Students who miss school will be contacted by their Life Coach. The 5th day of missed school with no contact will include a home visit by the Life Coach. Ten consecutive school days of non-attendance with no contact from the student may result in withdrawal.

Course Load

Students will set several attainable goals while enrolled at The Excel Center. This will include a review of the number of classes a student will take in each term. Students are encouraged to set an attainable goal regarding schedule and workload. Students will work with their Life Coaches to create a class schedule that will ensure the student's success.

Child/Elderly/Disabled Person Abuse – Mandatory Reporting

Anyone "having cause to believe that a child, elderly, or disabled person's physical or mental health or welfare has or may be adversely affected by abuse or neglect" must report the case to any state or local law enforcement agency and the Department of Protective and Regulatory Services. Failure to report suspected abuse or neglect is punishable by imprisonment of up to 180 days and/or a fine of up to \$1,000. (Texas Family Code, Chapter 34). Staff may contact the National Hotline for additional support at 1.800.252.5400. According to recent state law, a report of child abuse or neglect must be made to the Department of Protective and Regulatory Service when the report involves a person responsible for care, custody, or welfare of the individual. (HB 1970 effective September 1, 2005). Staff will cooperate fully in the investigation and reporting of Child Abuse as required by law.

The computers at The Excel Center are intended for educational purposes only. Students may not use Excel Center computers or network resources to access or distribute offensive, obscene, or abusive material. Students must respect the legal protection provided by copyright and license to programs and data. Students must not use programs that harass other users or infiltrate a computer, computing system, or network, and/or damage or alter the software components of a computer, computing system, or network. All computer use should be consistent with accepted classroom standards and the teacher's instructions. Accessing social networking sites should be done minimally and outside of the classroom. The Excel Center reserves the right to limit or restrict student access to computers if it is determined that social media and/or computers are being used inappropriately or inconsistently with school goals. The Excel Center computers may not be used in violation of any laws or regulations. The Excel Center computers and any attached network devices may not be used in a manner that hampers use by others, which includes, but is not limited to, the use of proxy server websites or internet radio sites, such as Pandora. Repeated, unsolicited, or unwanted communication of an intrusive nature is not acceptable. Students may not share passwords or user accounts without receiving prior approval from the teacher.

Network traffic and computer usage, including email, may be monitored. Students should be aware that such monitoring may occur, and that inappropriate material or activities will be reported to the proper authority. The Excel Center does not guarantee the privacy of any electronic communication or data stored on The Excel Center computers or networks.

Failure to comply with these standards may result in disciplinary action as described in the Student Code of Conduct, including removal from self-paced courses and/or complete loss of computer use privileges on all Excel campuses. This Responsible Use Policy (RUP) supports our vision of technology use and upholds in our users a strong sense of digital citizenship.

Cell phone use in the hallway should be kept to a minimum and be respectful of the learning environment. Students should not use their cell phones to record audio, video, or pictures of other students without their permission. Cell phone misuse may result in disciplinary action.

Confidentiality

The staff at The Excel Center are guided by ethical behavior regarding confidentiality. Counseling issues, medical services and reports, special programs information, and state assessment scores are kept confidential. Access to student folders is limited to staff persons who need information and is strictly monitored. The school is legally required to report any form of abuse and credible threats towards another person.

The Superintendent maintains a comprehensive system of student records and reports dealing with all facets of the school program operation. These data and records are stored safely and securely and are conveniently retrievable for utilization by authorized school personnel.

Cumulative Record: A cumulative record that complies with TEA requirements and standards shall be maintained for each student from the entrance into The Excel Center until withdrawal or graduation from The Excel Center. This record moves with the student from campus to campus and is maintained at the campus where currently enrolled until graduation or withdrawal. Records for students who are no longer enrolled shall be housed by The Excel Center for the period required by law.

Directory Information: Directory information shall include the student's name, address, telephone listing, date and place of birth, participation in officially recognized activities and sports, dates of attendance, the total number of credits earned, grade level, diplomas and awards received, and the most recent previous school attended by the student. Directory information will be released to any individual or organization that has submitted a written request unless the student has signed to reject the dissemination of directory information. Students may request to reject the dissemination of directory information at any time by contacting (512) 531-5500.

Student Rights: When a student reaches 18 years of age, the rights according to the student's parent and the permission or consent required of the student's parent under this policy shall only be required of and accorded to the student. There is one exception to this rule: An adult who has petitioned for and received guardianship over an adult student retains parental rights.

Due Process Hearings

Due process hearings will be held by the designated Campus Administrator. They are responsible for determining guilt or innocence. They make recommendations for retention or expulsion, and they can impose additional consequences/sanctions. The Campus Administrator will provide documentation of the hearing for the student's file. They are to notify the student of decisions made and are responsible for explaining the appeal process.

If a student commits an offense that warrants expulsion, the student will be suspended, and a due process hearing will be scheduled. The student and/or parent will be notified of the hearing by letter, in person, or by phone. If the charter school district makes a good-faith effort to inform the student of the time and place of the hearing, the charter school district may hold the hearing regardless of whether the student, the student's parent or guardian or another adult representing the student attends. The following people may be present at the hearing: Campus Administrator(s), District Administrator(s), parent/guardian, or any other adult representing the student, student's Life Coach, and student. The purpose of this hearing is to describe the student's behavior and verify that The Excel Center has followed all behavior intervention processes. The decision may be appealed to The Excel Center Charter School District Superintendent. Expulsions are in effect for the time determined by the administrator.

Complaints & Grievance Procedure

Occasionally a student or parent has a complaint or concern with some aspect of the program at The Excel Center. The following steps are in place so that the complaint will be addressed in a fair and timely manner:

- 1) The student or parent is encouraged to resolve the conflict with the person against whom there is a grievance.
- 2) If a resolution is not achieved, or if the student or parent is not satisfied with the resolution, he/she will submit a written account of the grievance to the appropriate Campus Administrator. After a copy of the complaint is received, an informal conference will be scheduled within five working days. This meeting will allow all parties to resolve the complaint. The Excel Center encourages the resolution of the complaint before the conference.
- 3) Complaints not resolved through the meeting with the Campus Administrator will be forwarded to The Excel Center Charter School Superintendent. The Superintendent will review the complaint and meet with all parties concerned within 3 working days.

Students have the right to appeal any recommendations made through a hearing. An appeal must be made within 30 days of the hearing to the Campus Administrator. If the conflict is not resolved to the student's satisfaction, the student may appeal to The Excel Center Charter School District Superintendent. Board of Directors. If still unresolved, the District provides for the complaint to be presented to the Board of Directors. Requests to be on the Board agenda must be made in writing two weeks before the scheduled School Board meeting.

Emergency Procedures

Fire drills will be conducted in months with 10 more school days during the school year. Students are to move in a quiet and orderly manner to the exit assigned to the room they are in at the time of the drill.

In addition to fire drills conducted regularly, lockdown, reverse evacuation, shelter-in-place, and disaster drills may also be conducted.

Enrollment Procedure

Anyone between the ages of 18 and 50 who wants to earn a high school diploma may enroll. Students who have already completed a GED are also eligible to apply to The Excel Center. All prospective students are required to submit a completed application form to be considered for admission. New Applicants and former students may apply online at (<https://www.goodwillcentraltexas.org/excel-center/apply>) or may call (512) 531-5500. Students who are enrolled during the last term of the school year and plan to return for the first term of the next school year will complete annual registration over the summer. Enrollment is open year-round. Open enrollment for the upcoming school year is January 1 – March 10. If the number of applications received is greater than the space available a lottery will be conducted on March 18 or the closest weekday to March 18. Any applications received after the lottery deadline will be placed on a waiting list in the order received. As space becomes available, applicants will be called from the waiting list and allowed to enroll. Any future applicants will be added to the waiting list in the order they were received. Returning students, siblings of current or returning students, and children of the school's founders and staff members will receive priority on the waitlist. This exemption does not include ranking within the lottery.

Students must be in attendance on their first day of school to be enrolled. Students who miss their first day of school may not be enrolled.

Onboarding Activities

Once an application is received it is processed by our Onboarding Team. The student will be contacted to clarify their application responses and to register for important onboarding activities. These activities will include meeting with an Onboarding Coach that provides incoming and returning students the opportunity to complete important enrollment forms, submit documents, complete diagnostic testing, and choose their class schedule for their first term. Additionally, these activities allow incoming students to review their schedules, tour the school facilities, discuss solutions for any barriers to success at school, and an in-depth review of what to expect at The Excel Center. Attending these onboarding activities provides the best foundation for a new Excel Center student to see success and earn their high school diploma.

Exploration Center – Childcare Center

The Exploration Center is the free, on-site childcare center at The Excel Center Norwood Campus. The center serves children from 6 weeks to 4 years of age. Excel Center students must complete a separate application to enroll their children into The Exploration Center. Students are not permitted to have their children in classrooms.

Extended Day Intensive Instruction

Students may only be in the building during their scheduled class time and when completing Excel Center-related activities, such as meeting with their life coach. Students may remain on the campus after school to (1) attend Extended Day Intensive Instruction, (2) attend SAT, ACT, or other college test prep sessions, or (3) to have additional work time to accelerate credit recovery. To take advantage of these opportunities, the student must be under staff supervision and in designated instructional areas.

The Excel Center provides a student identification card to all students upon enrollment. A fee may be charged for the replacement of this student identification card according to the following fee schedule:

- 1st Card – no fee
- 2nd Card Replacement – no fee

The Excel Center may waive any fee or deposit if the student is unable to pay. A request for such a waiver must be made in writing to the Campus Director or designee, and include evidence of inability to pay.

Field Trips

Students will have the opportunity to attend field trips throughout the school year. Any scheduled field trip will require a waiver form. This form is included in the online application and annual registration.

Information on Bacterial Meningitis

Senate Bill (SB) 31 requires a school district to provide information relating to bacterial meningitis to its students and their parents each school year. The legislation instructs the Texas Education Agency (TEA) to prescribe the form and content of the information and the procedures for notifying students and parents. If you would like to obtain a copy of SB 31, please visit the Texas Legislature Online at <http://www.capitol.state.tx.us>. If you have any questions about this legislation, please call Tommy Cowan or Linda Crawford at (512) 463-9283.

What is Bacterial Meningitis?

Meningitis is an inflammation of the covering of the brain and spinal cord—also called meninges. Viruses, parasites, fungi, and bacteria can cause it. Viral (aseptic) meningitis is common; most people recover fully. Medical management of viral meningitis consists of supportive treatment and there is usually no indication for the use of antibiotics. Parasitic and fungal meningitis are very rare. Bacterial meningitis is very serious and may involve complicated medical, surgical, pharmaceutical, and life-support management.

Two common types of bacteria cause meningitis:

Strep pneumonia causes pneumococcal meningitis; there are over 80 subtypes that cause illness.

Neisseria meningitidis—meningococcal meningitis; 5 sub-types cause serious illness—A, B, C, Y, W-135.

WHAT ARE THE SYMPTOMS?

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms.

Children (over 1-year-old) and adults with meningitis may have severe headaches, high temperatures, vomiting, sensitivity to bright lights, neck stiffness, joint pains, drowsiness, or confusion.

*In both children and adults, there may be a rash of tiny, red-purple spots or bruises caused by bleeding under the skin. These can occur anywhere on the body. These spots are a sign of blood poisoning (septicemia), which sometimes happens with meningitis, particularly the meningococcal strain.

HOW SERIOUS IS BACTERIAL MENINGITIS?

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases, though, even with prompt treatment, bacterial meningitis can be fatal or a person may be left with a permanent disability, such as deafness, blindness, amputations, or brain damage (resulting in mental retardation or paralysis).

How is bacterial meningitis spread?

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. The germs live naturally in the back of our noses and throats, but they do not live for long outside the body. They are usually spread when people exchange saliva (such as by kissing or by sharing drink containers, utensils, or cigarettes.)

The germ **does not** cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. Being a carrier helps to stimulate your body's natural defense system. The bacteria rarely overcome the body's immune system and cause meningitis or other serious illnesses.

What is the risk of getting bacterial meningitis?

The risk of getting bacterial meningitis in all age groups is about 2.4 cases per 100,000 population per year; however, the highest risk group for the most serious form of the disease, meningococcal meningitis, is among children 2 to 18 years old.

How is bacterial meningitis diagnosed?

The diagnosis is usually based upon a combination of clinical symptoms and laboratory results from spinal fluid and blood. Spinal fluid is obtained by a lumbar puncture (spinal tap).

How can bacterial meningitis be prevented?

Do not share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss.

Vaccines against pneumococcal disease are recommended both for young children and adults over 64. A vaccine against four meningococcal serogroups (A, C, Y, W-135) is available. These four groups cause most meningococcal cases in the United States. This vaccine is recommended by some groups for college students, particularly freshmen living in dorms or residence halls. The vaccine is safe and effective (85-90%), but it can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within 7 to 10 days after the vaccine is given and lasts for up to 5 years.

What you should do if you think you or a friend might have bacterial meningitis.

Seek **prompt** medical attention.

For more information, contact the Manager of Health Services for the RGK Foundation Downtown Youth Center for Health, your family physician, or the staff at the Austin Department of Health and Human Services. You may also call the Regional Texas Department of Health office and ask about the meningococcal vaccine.

Notification of Rights under the Family Education Rights & Privacy Act

The Family Educational Rights & Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights concerning the student's educational records. These rights are:

- The right to inspect & review the student's education records within 45 days after the day The Excel Center receives an access request. Parents or eligible students should submit to the Front Office a written request that identifies the records they wish to inspect. The Front Office will make access arrangements and notify the parent or eligible student of the time and place where the records may be inspected.
- The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students who wish to ask The Excel Center to amend a record should write the Campus Administrator, clearly identify the part of the records they want to be changed and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
- The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without

consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member, or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service or function for which the school would otherwise use its employees and who is under the direct control of the school concerning the use and maintenance of PII from education records, such as an attorney, auditor, therapist; a parent or student volunteering to serve on an official committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

- The right to file a complaint with the U.S. Department of Education concerning alleged failures by The Excel Center to comply with the requirements of FERPA. The name & address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, FERPA regulations require the school to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A school may disclose PII from the education records of a student without obtaining the prior written consent of the parents or eligible student –

- To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer.

Searches and Interrogations

Administrators, teachers, and other professional personnel may question a student regarding the student's conduct or the conduct of other students. In the context of school discipline, students are expected to cooperate with school officials and the lack of such cooperation may lead to further disciplinary action.

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the campus administrator will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation. In other circumstances:

- The Campus Administrator will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school.
- The Campus Administrator ordinarily will make reasonable efforts to notify the parents of a minor student unless the interviewer raises what the Campus Administrator considers to be a valid objection.
- The Campus Administrator ordinarily will be present unless the interviewer raises what the Campus Administrator considers to be a valid objection.

Students have full responsibility for the security of their belongings, and vehicles parked on school property. It is the student's responsibility to ensure that vehicles are locked, and the keys are not given to others. Students shall not place, keep, or maintain any article or material that is forbidden by law or District policy in vehicles parked on school property.

School officials may search persons, belongings, or vehicles parked on school property if there is reasonable cause to believe that they contain articles or materials prohibited by law or District policy. Students shall be responsible for any prohibited items recovered during a search.

If a vehicle subject to a search is locked, the student shall be asked to unlock the vehicle. If the student refuses, the District shall contact the student's parents or local law enforcement officials, or take necessary action to ensure the safety of the school environment. Service Animal Policy

A service animal is a dog that is individually trained to perform tasks for people with disabilities, such as guiding people who are blind; alerting people who are deaf; pulling wheelchairs; alerting & protecting a person experiencing a seizure. Service animals are working animals, not pets.

A student who requires the use of a service dog to access the general education curriculum must submit a request in writing that includes an explanation of the disability and what work or task the dog has been trained to perform to the Campus Administrator at least ten district business days before bringing the service animal on campus so that it may be reviewed, and appropriate accommodations can be made. A determination will be provided to the student within 10 district business days.

Smoking/Tobacco Policy

This is a smoke-free campus. The Texas Education Code, Chapter 38, Section 38.006, prohibits the possession or use of tobacco products on school property or at school-related functions that are either on or off school property.

STUDENT CODE OF CONDUCT

The Excel Center approaches student conduct in terms of professionalism. With a focus on workforce development and College & Career Readiness, all students learn to conduct themselves professionally. Responses to conduct, both positive and negative, support the concept of natural logical consequences. Students at The Excel Center are encouraged to take ownership and responsibility for their learning and to help maintain an environment in which their classmates may learn as well.

Natural logical consequences for positive and professional behavior are numerous and may include increased friendships, increased opportunities and responsibility both on campus and in the community, achieving both academic and personal goals, awards and incentives celebrating achievements, recommendations, and letters of reference attesting to students' positive and professional attributes. Natural logical consequences for behavior that fails to meet the positive, professional standard are outlined below.

Students who receive Special Education services are subject to the student code of conduct and will be disciplined by applicable federal laws.

For each violation, any listed consequence may be chosen as they are not in order of severity. Staff may choose to (but are not required to) issue a verbal warning before enforcing any consequences for Level I and Level II offenses.

The Excel Center Charter School District follows all State and Federal laws. As a result, the police will be called to campus when students are found in possession of any type of drug or alcohol.

Procedures for a Suspension

In addition to the following Code of Conduct, the Campus Administrator or designee has the authority to suspend a student out of school for a period of up to three (3) school days for any of the following additional reasons:

- The need to further investigate an incident;
- A recommendation to expel the student; or
- An emergency constituting endangerment to health or safety

Prerequisites to Suspension

Before suspending a student, the Campus Administrator or designee must hold an informal conference with the student to:

- Notify the student of the accusations
- Allow the student to relate their version of the incident; and
- Determine whether the student's conduct warrants suspension.

Notification to Parents/Guardian – Relating to Student under the age of 18

If the Campus Administrator or designee determines the student's conduct warrants suspension during the school day, the Campus Administrator or designee will make reasonable efforts to notify the student's parents/guardians that the student has been suspended before the student is sent home. The Campus Administrator or designee will notify a suspended student's parents/guardians of the period of suspension, the grounds for suspension, and the time and place for an opportunity to confer with the Campus Administrator.

Credit during Suspension/Alternative Instruction

A student shall receive credit for work missed during the period of suspension if the student makes up work missed within the same number of school days the student was absent on suspension. Students who are suspended will be provided with alternative instruction. Arrangements will be made between the school and the student for the pick-up/delivery of work, and the making up of any missed assignments. All IDEA mandates will be followed for students with disabilities.

Procedures for an Expulsion

Notice

When the Dean of Students determines that a student's conduct warrants expulsion, but before taking any expulsion action, they will provide the student and the Campus Administrator with written notice of:

- The reasons for the proposed expulsion; and
- The date and location for a hearing before the Campus Administrator, within 5 school days from the date of the expulsion.

The notice shall further state that, at the hearing, the student:

- May be present;
- Shall have an opportunity to present evidence;
- Shall be apprised and informed of the school's evidence;
- May be accompanied by his/her parents/guardian; and
- May be represented by an attorney.

Hearing Before Campus Administrator

The school shall make a good faith effort to inform the student of the time and place for the hearing, and the school shall hold the hearing regardless of whether the student, the student's parents/guardians, or another adult representing the student attends. The Dean of Students shall audio record or transcribe the hearing.

As soon as possible following the hearing on expulsion, the Campus Administrator will notify the student in writing of the decision. The decision shall specify:

- The length of the expulsion, if any;
- When the expulsion is not permanent, the procedures for re-admittance at the end of the expulsion period; and
- The right to appeal the Campus Administrator's decision to the Superintendent and Board of Directors.

The notice shall also state that failure to timely request such a hearing constitutes a waiver of further rights in the matter.

The expulsion does not take effect until the Campus Administrator has made a ruling at the hearing. If the student chooses to appeal the decision to the Superintendent and Board of Directors, the expulsion will remain in effect during this time.

Appeal to the Superintendent and Board of Directors

The student may appeal the Campus Administrator's decision to the Superintendent and the Board of Directors by notifying the Campus Administrator in writing within 3 calendar days of the date of receipt of the Campus Administrator's decision. The Superintendent and a select committee of the Board will review the audio or transcribed record from the hearing before the Campus Administrator at the next regularly scheduled Board meeting, or at the discretion of the Board, at a specially called meeting. The Superintendent and Board will notify the student of its decision, in writing, within 3 calendar days of the hearing.

Discipline consequences will not be deferred pending the outcome of an appeal of expulsion to the Superintendent and Board of Directors.

No Credit Earned

Except when required by law, students will not earn academic credit during a period of expulsion.

Due Process Procedures

Students with disabilities have the same rights and responsibilities as other students and maybe disciplined for the same behavioral offenses within the Code of Conduct. If a student with a disability has an IEP that includes disciplinary guidelines, then that student will be disciplined according to those guidelines as required by IDEA. Students for whom the IEP does not include specific disciplinary guidelines may be disciplined by the standard school policy listed in the Code of Conduct and accordance with the requirements of the IDEA.
